Press Release

### Another Massacre By Cameroun's Genocidal Regime In Ambazonia!

Once again, the government of La République du Cameroun (LRC), through her proxies, continues with impunity its genocidal killings of Ambazonian indigenes in Egbekaw village in Akwaya Local Government Area (LGA) of Manyu County in Ambazonia on November, 6th 2023.

The massacre that just occurred at Egbekaw was aimed at discrediting the Ambazonian Restoration Forces PLUS (ARF+) who have been inflicting a lot of pain on the invading La République du Cameroun military. A week ago, precisely on the 30th of October, six (6) of the invading Cameroun military were killed by our ARF+ self-defence forces in the Akwaya LGA, including one of their commanders.

On the early hours of 6th November 2023, precisely between 4 am and 7:45 am, La République du Cameroun military, after a secret meeting held with their colonial Administrators in the area (Gendarmerie, commissioner and Senior/Divisional officer), decided to launch this attack, spearheaded by La République du Cameroun's proxies (Etta AKA Peace and Ako Giant) and DDR centre recruits who had good mastery of the Akwaya LGA.

Worth noting is the fact that this proxy militia of LRC has previously been warned by the traditional authorities of the areas (Boki and Ayang) about their malicious acts of rapes of young girls, torture, killings and looting of harvested crops such as cocoa beans and bush mango, and were even chased out of the villages, but rather

these LRC's militia decided to beat up the traditional rulers in front of their subjects because the militia has the support of the invading La République du Cameroun to undermine the Ambazonian Liberation struggle.

Inside Intel from the LRC military camp says their mandate wasn't to attack Ambazonia self-defence units but rather to commit genocide on our people as the statistics below shows:

12 (twelve) houses in New Layout Egbekaw were burnt. These houses were Boki people's houses and some Ejagham people's houses where Boki and Anyang people were staying.

More than 50 persons were killed or burnt in their houses and nearly 60 others were severely injured and are spread around the Preventive, LRC's Army and New life hospitals in Mamfe.

The IG of the Federal Republic of Ambazonia, on behalf of the people of Ambazonia, vehemently condemn these repeated barbaric acts of La République du Cameroun and claim our right to self-defence to protect our people against these recurring genocidal acts perpetrated by La République du Cameroun's military directly or through her proxies and allies.

We express our heart-felt condolences to the families and friends of the victims; and make a solemn promise that we will not relent our commitments to engage all possible resources and arenas until justice is served.

We reiterate our urgent call on all international partners of good faith, international Human Rights organisations and competent international institutions to, without delay, sanction an independent investigation into these vicious genocidal acts committed against the people of Ambazonia, with complicit impunity.

Issued this Day, Tuesday 7th November 2023.
